# REBUILD & REPAIR

**SAVE UP TO 60% WITH REBUILDS VS. BUYING NEW**

Bring your machine back to its original specifications with a time- and cost-saving solution. All World's network of professional rebuild experts offer partial or complete (with spindle) rebuilds through a comprehensive and detailed process. We also offer high-quality rebuilt machines to fit your budget.

### Comprehensive Warranty

Covers labor for six months and parts for one year.

### Fast Repairs

Start repairs in 24-48 hours. (workload dependent)

### Quick Turnaround

Manual and simple rebuilds in as little as 2 weeks (3 for grinders)
